BAILEY

PUNCHLOCK® PROFESSIONAL DOUBLE SIDED LADDERS

PUNCHLOCK. SUPER STRONG

- 66% stronger than conventional riveted type ladders
- Increased strength and durability

DOUBLE HOLLOW TREAD TWIST RESISTANT

- Increased rigidity and stiffness in the ladder frame
- Reduces ladder twisting

TRI-BRACING SUPER STABLE

- Strongest support between tread and stile
- Eliminates catch points

LIGHTWEIGHT DESIGN SUPER LIGHT

- Industrial strength and safety with a lightweight advantage
- Reduces strain and fatigue

Q. What does Punchlock® mean?

A. The ladder treads are swaged through the stile, in other words punched through and folded over

Q. Which means?

A. A lot more metal to hold the tread in place – A Bailey Pro ladder will maintain its torsional rigidity. Stronger, safer and more rigid!

What's more this technology enables Bailey to make ladders lighter than competitors

- Designed for use on industrial work sites
- Available in Aluminium or Fibreglass
- Extra wide double sided ladder for greater versatility, safety and greater load bearing strength
- Anti-slip feet for added safety and stability
- Bailey Pro Fibreglass made from strong, fibreglass construction with triangular plate bracing - Electro - Safe™ (non-conductive)
- Made to AS/NZS 1892.1 (Aluminium) & 1892.3 (Fibreglass)

Little **JUMBO**
LADDERS

TELESCOPIC ALUMINIUM LADDERS

Unique adjustable aluminium ladders which offer portability, stability, safety and versatility. The ladder can be used as a step ladder, staircase ladder, extension ladder, and two trestles. An excellent range of accessories complement the telescopic ladder.

- 120kg load rating
- Transport size (fold away size) 1.57m
- Step ladder (height adjustable from max level) 2.40m (vertical)
- Sliding extension ladder (height adjustable from max ladder length) 5.30m
- Staircase ladder (can be used on staircases or slopes)
- Scaffold trestles (platform heights) 0.33m, 0.61m, 0.89m, 1.17m, 1.45m
- Weight 16 kg

Model
TL18

\$839.10 Ex. GST
\$923.01 Inc. GST

ALUMINIUM SAFETY STEPS

The little jumbo safety steps are essentially folding staircases. The wide treads offer comfortable safe access and allow the operator to face in any direction on each step.

All the safety steps have skid resistant rubber treads

- 150kg load rating

Solvol Citrus Liquid with Pump – 4.5L P/N 71126

- Natural citrus oils & fine granules remove ingrained dirt
- Contains no petroleum solvents
- Suitable for removing most industrial soils including dirt, mud, dust, coal dusts, oils, grease & solvents.
- pH balanced
- Leaves hands smelling fresh
- Naturally moisturising

WD-40 Twin Pack – 425g
P/N 61664

- Cleans & protects metal surfaces from corrosion
- Lubricates chains on machines
- Penetrates stuck metal parts
- Drives out moisture from heavy duty tools
- WD-40® There's always another use.

- No thinning required, ready to spray
- Fast dry and excellent adhesion
- Provides long term steel protection
- Suitable application: steel welds and pre-primed steel sections

Product code: GGDSA – 350gm
\$15.50 ex GST \$17.05 inc GST

Product code: GGDS4L – 4Ltr
\$72.20 ex GST \$79.42 inc GST

Plastic Steel Putty A 500g

- Steel-filled putty epoxy for routine maintenance, repairs, tooling and production applications
- Does not require special tools, heat or pressure
- Once set, can be drilled, tapped, machined and painted
- Bonds to iron, steel, aluminium, brass, wood, glass, ceramics and concrete

Product Code: D10110

\$95.30 Ex. GST
\$104.83 Inc. GST

Stop Seize Copper 500g

- Prevents sealing, locking and cold welding
- Protects against corrosion, salt water, chemical damage
- Effective from -18°C to 1090°C
- Withstands extreme pressures of up to 690 Mpa

Product Code:
D19020

\$21.30 Ex. GST
\$23.43 Inc. GST

Stop Seize Nickel 500g

- Prevents sealing, locking and cold welding and galling of stainless steel parts
- Effective from -18°C to 1400°C
- Withstands extreme pressures of up to 690 Mpa

Product Code: D19030

\$32.20 Ex. GST
\$35.42 Inc. GST

Measuring Tools

Ruler

- Made from stainless steel

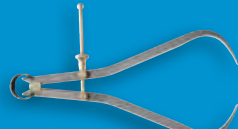

Engineer Squares

- Made from stainless steel
- Carbon steel handle
- Precision 90°

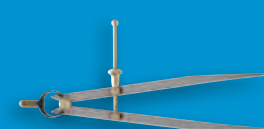

Inside Caliper

- Made from high carbon steel
- Quick adjustable screw bar
- Easy hold handle on top

Outside Caliper

- Made from high carbon steel
- Quick adjustable screw bar
- Easy hold handle on top

Spring Divider

- Made from high carbon steel
- Quick adjustable screw bar
- Easy hold handle on top

Engineers Scribers

- Made from stainless steel
- Knurled aluminium handle
- Tungsten carbide point (267M06041)
- Convenient pocket clip (267M06041)

Auto Centre Punch

- Made from brass
- Spring loaded, no hammer required

Magnetic Pick-Up Set

- 6 Pieces
- Quick-changeable
 - Magnetic

Combination Square 3 in 1

- Made from stainless steel
- Mitre square, spirit level, plumb level, 45° level, height gauge, steel rule, straight edge and scriber

Outside Micrometer

The P&N Outside Micrometer is perfect for measuring external dimensions of any small space or item, including fasteners and threads.

Digital Vernier Caliper

P&N Digital Vernier Calipers are suitable for measuring external, internal, steps, depth and differential dimensions.

Features & Benefits

- Waterproof and mildew resistant
- Ideal for continuous outdoor exposure
- UV resistant for extended outdoor exposure even in strong sunlight
- 14 x 14 over 2.5cm² high density woven polyethylene
- Heavy duty moulded plastic reinforced corners
- Silver sided to reflect heat / black sided to absorb heat
- Welded seams with rope reinforced hem
- Rust free eyelets every 45cm
- Eyelets accept up to 12mm diameter rope

INDUSTRIAL
XPO TARP5
YEAR WARRANTYPolytuf is Australia's
market leader for:

- Product durability
- Innovation in design and construction
- Polytuf's new XPO range is twice as strong as high end PVC tarpaulins nearly twice the weight
- XPO offers a value for money alternative to PVC
- XPO is environmentally friendly and fully recyclable
- Offers significant storage and transport cost savings
- Provides a market leading 5 year warranty

11 Pce Hollow Punch Set

P/N 66008-MHW

Features:

- Patent pending unique design that enables a huge variety of hollow or solid washers, gaskets, etc to be simply and easily made with a single hammer blow.
- Included in this kit and that can be mixed and matched are: 1/8, 3/16, 1/4, 5/16, 3/8, 7/16, 1/2, 9/16, 5/8 and 3/4"
- Easy to assemble and use
- Solid construction
- Kit pack for ready size identification and storage
- Made in France

UNIQUE HAND TOOLS FOR ANY APPLICATION

PZ55, 56, 57, 58 and 59 remove stuck screws with ease!

Our patented Screw Removal Pliers are specially designed for removing:

screws frozen with rust • stripped or damaged screw heads • truss head screws • special/unique/tamper-proof screw heads

Vertical serrations

Specially designed jaws generate gripping power.

COMPRESSED AIR SAFETY

SAFEFLOW COUPLING

An advanced compressed air and water control valve providing improved safety and productivity in the workplace.

Connect to your existing compressed air supply or hose end to provide air control at your finger tips. the safeflow safety coupler allows for rapid change of air tools with the on/off valve while preventing hearing loss with the inbuilt disfuser. The integral security arms prevent disconnection under pressure eliminating the needs for safety clips.

OPTIONS

- Anti-static models for work areas potentially exposed to flammable gas
- General purpose model is suited to everywhere else
- Stainless steel for corrosive environments.

HOSEGUARD

Protect your most important asset: your employees and their equipment.

The hoseguard offers a simple but efficient protection to pneumatic systems in the event of a broken compressor air hose or pipe. The air supply is immediately shut off by the Hoseguard, should the volume of air exceed a set value. This value is factory preset and is set to allow air consumption when using air tools.

Should the air consumption exceed the set value, e.g the air line is severed then the internal piston instantly shuts off the main flow.

An integral bleed hole allows some air to flow through. this enables the pressure to automatically reset the Hoseguard once the main break is repaired.

P17P Petrol Compressor

P/N 00128

- ☐ Free Air Delivery @ 100PSI: 350LPM
- ☐ 6.5HP Honda engine
- ☐ Pump RPM: 1061
- ☐ 2 cylinder, slow rewing, cast iron pump
- ☐ 55 litre air receiver
- ☐ Max PSI: 145
- ☐ Fitted with new smart start filter
- ☐ Warranty: 5 year pump, 3 year Honda

\$2062.50 Ex. GST
\$2268.75 Inc. GST

Product Selection Guide

Peerless Products selection guide is to help assist in selecting an air compressor.

To give you an idea, a blow gun opened up will consume 300 LPM (litres per minute) of free air delivery.

IMPORTANT

When choosing a compressor please add up the number of the outlets then multiply this figure by 7CFM/198LPM to give the average air use.

If using angle grinders, sanders or 3/4" to 1" impact guns, you may have to add 20CFM/566LPM per tool to give the average usage.

*Take note that the CFM advertised on some air tools is the average and isn't the total CFM under load e.g. consuming air trying to crack wheel nuts.

Volt Jump Start****Part No. MA8000**

- 2000 CCA@12V 1000 CCA@24V
- 8000 peak amps starting power
- Bonus RV210 10 amp smart charger for recharging
- 1.7m 50mm² high conductivity leads (incl. clamps)
- Industrial grade clamps with brass connection points
- 12V DC power outlet with overload protection
- 12/24V digital volt meter – indicates the voltage of the battery to be jump started when the clamps are first connected and the selection switch is in the "Off" position
- Matson's patented ANTIZAP® voltage spike protection – even in the "off" position
- Green flashing light to indicate ANTIZAP® protection
- Warning buzzer and LED alert for reverse connection
- Reverse polarity warning
- On/Off safety switch
- Short circuit protection

\$1085.00 Ex. GST**\$1193.50** Inc. GST**Professional Jump Starter****Part No. MA1700**

- Suitable for 12V systems
- Reverse polarity protection
- 1700 peak Amps
- 500CCA
- Dead start function
- Built in safety monitoring to ensure faulty battery starting is not attempted
- Heavy duty cable and fully insulated clamps
- Ultra high performance sealed AGM battery
- Recharge from any 240V AC or 12V DC Outlet

**\$295.00** Ex. GST**\$324.50** Inc. GST**Anti-Zap Jumper Leads**

- Double insulated fine strand cable for superior flexibility and performance.
- Nitrile modified PVC Sheath. High temperature resistance (up to 105°C)
- Crimped, heavy gauge solid copper lugs. Fully insulated 600 Amp clamps.
- Four function Antizap: Correct Connection, Incorrect connection, Low donor battery & High speed surge protection.

HAZARD STRIPE ANTI-SLIP TAPE

Use this range of self adhesive tapes, treads and cleats to achieve maximum anti-slip protection whilst warning of dangerous areas. Highly visible with a very coarse, sand-paper-like grit non-slip surface. Available in rolls of tape or individually cut 'treads' for floor areas and walkways. Suitable for indoor or outdoor application. Surface preparation is recommended. Apply to a clean dry surface.

Alemlube

INDUSTRIAL STRENGTH

BUILT-IN INTELLIGENCE

Alemlube's new **670AN4 20V Lithium-ion Cordless Grease Gun** is extremely innovative featuring an LCD displaying real time battery capacity, grease level, grease metering information and loss of priming and stall warning that prepares the user to always have a fully operational grease gun at hand and ready for the job. The **670AN4** delivers a maximum operating pressure of 10,000psi facilitating fast and efficient greasing and offers dual flow rates from 113 g/min to 170 g/min. It dispenses up to fifteen 450g cartridges per charge and has the versatility of three way loading: 450g cartridge, bulk grease or filler pump. Lightweight and ergonomic, the **670AN4** is supplied complete with 2 lithium-ion batteries, a 90cm long grease gun flex, and a heavy duty coupler. Protected in a durable, plastic moulded carry case, the **670AN4** will provide you with an intelligent and trouble-free high pressure, high volume greasing solution each and every time.

AUSTRALIAN APPRENTICE TRADE SUPPORT LOANS

What are Trade Support Loans? Trade Support Loans are loans paid in installments totalling up to \$20,000 spread over four years.

These loans are intended to assist apprentices with everyday costs while they complete their apprenticeship. Eligible Trade Australian Apprentices may apply (opt-in) for regular instalments according to their needs.

How do Trade Support Loans work? Trade Support Loans are a more effective method of assisting eligible apprentices with their everyday cost while they undertake their apprenticeship. The program provides apprentices with up to \$20,000 as an income contingent loan, compared with the old Tools For Your Trade payment. Payments are as follows: **Year 1** = Up to \$8,000 - **Year 2** = Up to \$6,000 - **Year 3** = Up to \$4,000 - **Year 4** = Up to \$2,000
Upon Completion of Apprenticeship = 20% discount is applied to the loan amounts borrowed. Loan amount will be repaid through the taxation system when the minimum income threshold is reached. In 2015-16 the minimum repayment occurs at income threshold of \$54,126.

For more information visit: www.australianapprenticeships.gov.au/trade-support-loans

HOW TO REDEEM

• Proof of apprenticeship can be in the form of a TAFE/MTA college enrolment letter/form, ID Card or letter from your institution stating you are a current apprentice.
• All redemption vouchers have to be fully completed and sent in with proof of purchase and proof of apprenticeship to:

Sidchrome® Apprentice Program Redemption - PO Box 605, Somerton Vic 3062

For More Information On How To Redeem Your Apprentice Bonus:
See your nearest ISG store
